Petroleum House, Brusubi Roundabout, Bijilo,

West Coast Region

BCQ 225/244/01 PART IV (70)

24th January, 2023.

**Managing Director
National Water and Electricity Company Limited
Kanifing**

NATIONAL STEERING COMMITTEE REPRESENTATIVES FOR THE MOPE

The Ministry of Petroleum and Energy is pleased to inform you that the Permanent Secretary (PS) and the Director of Energy (DOE) will henceforth be the representative of the Ministry to the National Steering Committee (NSC) of projects under NAWEC.

Furthermore, it has come to the attention of the Ministry that the representative of the Office of the President and Lands Ministry have not been attending steering committee meetings regularly. Thus, in order to ensure that steering committee executes its functions as expected, it is critical to have the active participation of all committee members.

To this end, you are being advised to write to the Secretary General and Permanent Secretary of the Ministry Lands, Regional Government and National Assembly Matters to nominate new representatives to serve at the Steering Committee.

At the same time, you are kindly requested to write and invite all of the steering committee members to a meeting with the Honourable Minister of this Ministry, to be held at the Ministry's conference room on Thursday, **26th January 2023, at 11:30 am.**

We look forward to your usual cooperation and understanding

Alagie Manjang
For: Permanent Secretary
